

West Country Ancestors

Procedure

- 1.You send us details of the person or persons to be researched.
- 2.We make an initial survey. If we feel we can be of help and after discussion we shall proceed to step 3.
- 3.We produce a **Pedigree Chart (Benchmark)** of our findings, the result of 10 hours of work. This will be a pedigree chart back to the early 1800's. We shall suggest further lines of research if desired.
- 4.Should you wish us to produce a **family history (Classic)**. then we would carry out a further 10 hours work This will produce an illustrated family history that brings to life the above genealogy report with photos, maps, ancestral landmarks and some historical background.
- 5.Your full Family History will be held together with ring comb binding rings. However having gone so far we would suggest you proceed to **Touchstone** or **Exemplar** which can be bound in hard-back.

*Look unto the rock whence you are hewn.
(Isaiah li,1)*

West Country Ancestors

Your Family History

Based on information discovered below. The story of your family told in the context of their times. It will include photos and descriptions of the villages they lived in. We can also include your family photos.

Documents found may include

- Birth, Marriage and Death Certificates
- Census returns
- Parish Registers
- Land Taxes
- Directories
- Wills
- Settlement papers
- School Reports
- Churchwardens and Overseers accounts

An example below of the 'coffee table' presentation that comes with TOUCHSTONE and EXEMPLAR research. Bound in hard back with buckram and a dust jacket it makes a wonderful birthday or anniversary present..

Equally I have explained to your husband that, if he is offering his services professionally, I would be glad to provide any form of recommendation or reference.
